

## Introduction to Engineering (E&E) 102

For students taking Engineering 102 (600.102) in first semester, contact time consists of:

- 3 Lectures per week, starting the first week of semester.
- 1 Tutorial per week, starting the second week of semester (choose any from the 7 available each week).
- 1 Workshop session in the second week of semester (choose any of the 6 available).
- 1 Laboratory every two weeks, starting the third or fourth week of semester depending on allocation (you will be allocated a session, see below for timetable information).

Timetable information for students is available online at:

<http://leone.biz.uwa.edu.au/olcrstudent/>

You need your Student Number and Student PIN.

**Only the allocations for Laboratories will be enforced, feel free to attend any Tutorial and Workshop session (and all 3 lectures each week).**

You can change your preference for Laboratory classes until 5PM on Tuesday 1<sup>st</sup> March and will be able to view your timetable on Friday 4<sup>th</sup> March. Students will be able to change their allocation online after the timetable is ready until Laboratories begin in Week 3.

In case of problems, the laboratory and tutorial coordinator for Engineering 102 is Martin Masek (masek-m@ee.uwa.edu.au).
